## YOUR GIFT IS IMPORTANT TO US.

The University of Arkansas at Little Rock thanks all those who have given so generously in support of its students, faculty, programs, and facilities. Every gift, no matter the size, is important to the university's success and ability to maintain the highest standards of excellence.

Although every effort has been made to ensure the accuracy and completeness of the Honor Roll of Donors, we acknowledge that errors may have occurred. If your name has been listed incorrectly or does not appear, please contact us.

The 2008 Honor Roll of Donors includes the names of donors whose gifts were received by UALR between January 1, 2008 and December 31, 2008. Gifts received during the 2009 calendar year will be recognized in next year's Honor Roll of Donors.

## MESSAGE FROM THE CHANCELLOR

A university preserves the accumulated knowledge of preceding centuries and transmits the wisdom of the age to present-day students. It also adds to that legacy year after year through the instruction and research by the faculty.

UALR plays the historic roles expected of a university and has a record of producing excellent graduates and innovative research. There is ample reason to be proud of our institutional credentials.

- Our academic programs are accredited across the board.
- Our faculty hold degrees from the finest graduate schools across the nation including MIT, Harvard, Michigan, Princeton, Stanford, and Yale, just to name a few.
- Our students are wonderfully diverse and hard-working, and they demonstrate an expanded understanding of our complex world.
- More students from the Arkansas School for Mathematics, Sciences, and the Arts enrolled in UALR this year to pursue our degrees than any other institution in the state or nation.
- Twelve of the 16 UALR athletic teams were recognized for all-American academic honors by their respective coaches association.

At UALR, we seek to meet today's challenges by educating students—both recent high school graduates and adults of all ages—for professions and occupations that will fuel the state's cultural and economic development. The University also has shown a willingness to tackle tough community and state issues, such as race, Pulaski County jail funding, and neighborhood revitalization.

This institution was established decades ago to make a difference, and it seeks to meet the academic and financial needs of students. A university degree will make an enormous difference to our students, their families, and their communities. Seven out of ten UALR students receive some form of financial aid. I am grateful to the many alumni, faculty, staff, and friends whose contributions help to provide an affordable, high-quality educational experience for UALR students.

I want to pay special tribute to the UALR Campus Campaign. Our Campus Campaign boasts 52 percent participation from our faculty and staff, which more than doubles the national average and is the envy of presidents and chancellors all over the country.

UALR is becoming the powerhouse university that Arkansas needs in the capital city. Thank you for your investment in our students and in the University's continued success.

Sincerely yours,

*Joel E. Anderson*  
Chancellor

## LIFETIME DONORS

### George W. Donaghey Society

*This society recognizes cumulative giving of \$1,000,000 or more and is named in honor of Governor and Mrs. George W. Donaghey, whose Foundation, through generous grant funds, has made a critical difference in the growth of UALR, including the development and support of the Donaghey Scholars Program and the Donaghey College of Engineering and Information Technology.*

### Raymond Rebsamen Society

*This society recognizes cumulative giving of \$500,000 to \$999,999 and is named for Raymond Rebsamen, who gave the land on which UALR now stands. On August 29, 2008, family members and university officials gathered to witness the unveiling of new signs officially designating the main UALR campus the Raymond Rebsamen campus. In addition, a monument to Mr. Rebsamen and his generosity stands between the Administration Building and Ross Hall.*

## Heritage Society

The UALR Heritage Society was established to recognize alumni and friends who have made provisions in their estate plans for gifts to be made to the University. These gifts may take many forms, including simple bequests by will, gifts of life insurance, or life income gifts such as annuities and charitable trusts. Many of these forms of giving offer substantial financial and tax saving benefits, often complementing a donor's overall estate plan. All gifts are greatly appreciated and help to ensure the continued support of UALR for future generations.
