PRIVATE EDUCATION LOANS

Graduate and Law students who are eligible for federal loans should pursue a Federal Graduate PLUS loan instead of a private loan.

Private education loans are alternative sources of student financial assistance.

- Eligibility for the loan is based on the applicant's credit rating. *A co-signer may be required.*
- The total amount of financial aid received from all sources, including the private loan, cannot exceed the student's cost of attendance.

Students may apply for a private education loan if they

- do not qualify for federal financial aid; **or**
- need additional financial aid resources to meet their cost of attendance.

The following list reflects private loan lenders used by UA Little Rock students in the past. It is not intended as a recommendation of any lender. Students may pursue a private education loan from any lender they choose.
