**ACCOUNTING FLOW CHART**

**WAITLISTING PROCEDURE**

- 1: Find the 5-digit CRN of the class for which you wish to be waitlisted.
- 2: Go to the "Add or Drop classes" option on the Registration Tools channel on BOSS.
- 3: Enter the CRN in one of the boxes and click on Submit.
- 4: Click on Submit Changes and you will be added to the waitlist.
- 5: If the error message says "No seats are available at this time; the waitlist is currently full" or "You cannot be added to the waitlist at this time; the waitlist is currently full" then you must choose another course.
- 6: If you receive the message "Open seats are being offered to students in the waitlist; there are XX students in the waitlist at this time", then you can add yourself to the waitlist. This message means a seat has opened up but is being held for the next eligible student on the current waitlist.

**PLEASE NOTE:**

- \*The deadline for changing your status from waitlisted to registered is 24 hours. That is a very short time window. If you are waitlisted for a course that you think may open, please be prepared to monitor your UA Little Rock email account frequently.
- \*No exceptions will be made for students who do not register for the class within the time period stated in the notification email. Students signing up on a waitlist must pay close attention to their email account.
- \*All holds must be cleared and registration requirements must be met before entering a waitlist.
