Applied Communication Capstone Student Spotlight
Jennifer Tippit

Applied Communication Capstone Project, *Deaf Students Using Communication Accommodation Theory to Navigate College*

“While researching for my Capstone project I learned that no matter how consuming your life is, the research we are doing could be important to someone. I have worked at Arkansas School for the Deaf for the past 14 years and I am fluent in American Sign Language. Being a part of the Deaf community has had such an impact on the way I think about communication and through our Applied Communication Department I have a better understanding of the dynamics exemplified within this amazing culture.”

Fostering the co-creation of better social worlds through positive communication.
