Teaching a Web of Arkansas History
Workshop Application

CENTER FOR ARKANSAS HISTORY AND CULTURE
COLLECTIONS AND ARCHIVES

"Teaching a Web of Arkansas History," is open to museum, library, and archive professionals, as well as secondary education teachers in Arkansas. Participants will receive step-by-step instructions from a professional archivist on creating a web-based exhibit using historical images.

This **all-day** workshop will be offered three times in **2016**. Lunch will be provided. Participants will receive hands-on training by creating a mock web exhibit, learn professional standards for caring for and digitizing photographs, and discover how to use Omeka, a free web-publishing platform. The workshop will also teach how to write descriptions for digitized materials to optimize their findability on the Internet.

Each workshop is limited to 10 participants. Please submit the following application, along with a letter of support from your supervisor, to **cahc@ualr.edu** by **Friday, Feb. 12, 2016**.

Full name:			
Institutional affiliation:			
Workshop dates: (please rank order of preference)	__ Tuesday, March 8	__ Saturday, June 11	__ Wednesday, Aug, 31
My experience with digitization is:	__ Novice I have little to no experience with technology.	__ Intermediate I have some experience scanning items.	__ Advanced I work on digital projects frequently.

What do you hope to learn by attending this workshop?

I hope to…write for the web, scan images to archival standards, etc.

What do you hope to achieve having had this experience?

Do you have a specific project you would like to complete?

My 2 month goal is:

My 6 month goal is:

Attach additional pages if necessary.

Please complete the following survey. Place an "x" in the box to the right of each statement to indicate your level of familiarity with each type of technology.

	I don't know what you are talking about.	I've heard of this but don't think I could use it.	I use it occasionally or as a hobby.	I use it often and consider myself proficient.	I'm skilled enough to teach others.
Scanning photos and editing pictures.					
Creating or editing web pages.					
Using tools like Microsoft PowerPoint.					
Connecting scanners, cameras, or other hardware to a computer.					
Troubleshooting problems with computers.					

Applicants selected to participate in these workshops will receive a portable flatbed scanner and the book, Photographs: Archival Care and Management, by Mary Lynn Ritzenthaler and Diane Vogt-O'Connor, published by the Society of American Archivists.

Applicants selected to participate in these workshop will also have the opportunity to apply for travel funding through CAHC.
