Graduation Counts & Rates of Rehabilitation Counseling Program

| Term      | Cohort* | Graduated within Two Years | Two-Year Graduation Rate | Graduated within Four Years | Four-Year Graduation Rate | Graduated within Six Years | Six-Year Graduation Rate |
|-----------|---------|----------------------------|--------------------------|-----------------------------|---------------------------|----------------------------|--------------------------|
| 2005 Fall | 45      | 3                          | 6.67%                    | 13                          | 28.89%                    | 20                         | 44.44%                   |
| 2006 Fall | 47      | 2                          | 4.26%                    | 17                          | 36.17%                    | 22                         | 46.81%                   |
| 2007 Fall | 49      | 1                          | 2.04%                    | 20                          | 40.82%                    | 23                         | 46.94%                   |
| 2008 Fall | 64      | 6                          | 9.38%                    | 29                          | 45.31%                    | 36                         | 56.25%                   |
| 2009 Fall | 78      | 1                          | 1.28%                    | 25                          | 32.05%                    | 30                         | 38.46%                   |
| 2010 Fall | 32      | 1                          | 3.13%                    | 14                          | 43.75%                    | 17                         | 53.13%                   |
| 2011 Fall | 23      | 0                          | 0.00%                    | 11                          | 47.83%                    | 12                         | 52.17%                   |
| 2012 Fall | 25      | 1                          | 4.00%                    | 5                           | 20.00%                    | 15                         | 60.00%                   |
| 2013 Fall | 30      | 1                          | 3.33%                    | 12                          | 40.00%                    | 14                         | 46.67%                   |
| 2014 Fall | 31      | 2                          | 6.45%                    | 14                          | 45.16%                    | 16                         | 51.61%                   |
| 2015 Fall | 22      | 1                          | 4.55%                    | 10                          | 45.45%                    | -                          | -                        |
| 2016 Fall | 33      | 1                          | 3.03%                    | 12                          | 36.36%                    | -                          | -                        |
| 2017 Fall | 18      | 1                          | 5.56%                    | -                           | -                         | -                          | -                        |
| 2018 Fall | 7       | 0                          | 0.00%                    | -                           | -                         | -                          | -                        |
| 2019 Fall | 9       | -                          | -                        | -                           | -                         | -                          | -                        |
| 2020 Fall | 23      | -                          | -                        | -                           | -                         | -                          | -                        |

\*We do not use cohorts. This number is based on the minimum enrolled for primary or secondary Rehabilitation Counseling majors.

\*\*Graduation rates based on students graduating with a Rehabilitation Counseling degree.

\*\*\*Example: 2005 Fall includes students that started the Rehabilitation Counseling program in Fall 2005.

Students that graduated within two years (December 2005 - August 2007) are included in the two-year graduation rate.

| Academic Year* | Graduation Count |
|----------------|------------------|
| 2006           | 35               |
| 2007           | 42               |
| 2008           | 43               |
| 2009           | 49               |
| 2010           | 46               |
| 2011           | 60               |
| 2012           | 56               |
| 2013           | 43               |
| 2014           | 41               |
| 2015           | 23               |
| 2016           | 15               |
| 2017           | 37               |
| 2018           | 32               |
| 2019           | 34               |
| 2020           | 19               |
| 2021           | 1                |

\*Example: Academic Year 2006 includes graduation dates from August 2005, December 2005, & May 2006.
