

How to add a Computer to UA Little Rock's Internet by Mac Address

1. Open your browser and go to access.ualr.edu

2. Login using your Net ID and the associated password.

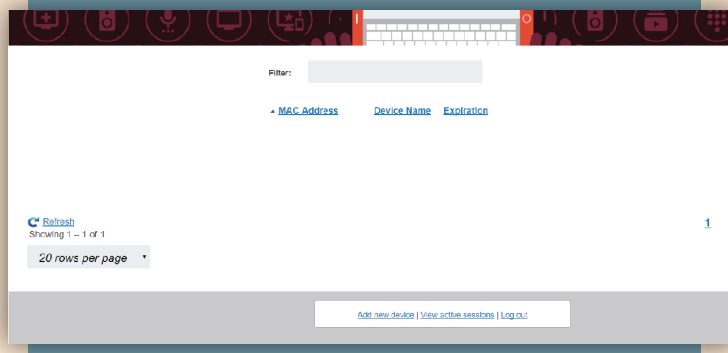

6. Once added, you will see the summary of your device. Your device is now authenticated.

7. Click "View active sessions" to view authenticated devices that are active now.

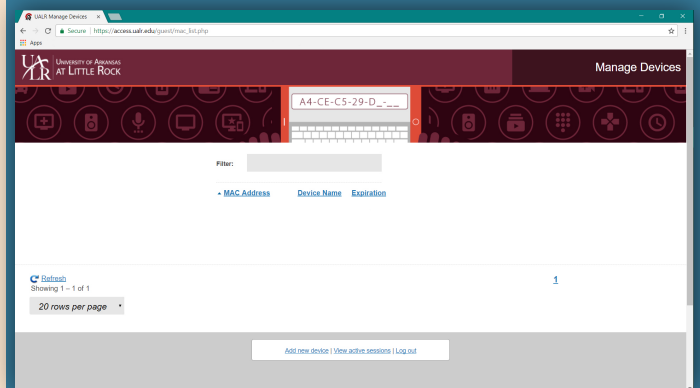

8. Click "Manage existing devices".

9. This is where you can edit, delete, or disable devices that you have authenticated.

3. Once logged in, you will see your registered devices. From here you can also register new devices, manage them, or log out.

4. To add a new device, click "Add new device".

5. You will be taken to a page where you can enter the device's Mac address and name the device. Once finished, agree to the terms, and click "Create".
