

Appendix A – Professional Engineer Certification

UALR's Spill Containment, Control, and Countermeasure (SPCC) Plan has been reviewed and certified by a registered professional engineer per the requirements of §112.3(d).

I hereby attest that:

I am familiar with the requirements of 40 CFR 112;

I or my agent has visited and examined:

University of Arkansas at Little Rock
2801 S. University Ave
Little rock, AR 72204

The SPCC Plan has been prepared in accordance with good engineering practice, including consideration of applicable industry standards, and with the requirements of 40 CFR 112; Procedures for required inspections and testing have been established for the facility.

This SPCC Plan has been prepared based upon my examination of the site and upon operational and procedural information provided to me by UALR and is adequate for the facility. This certification is contingent upon the fact that all information supplied, up to the date of this certification, is unquestionably accurate and was provided in good faith. This certification in no way relieves the owner or operator of the facility of their duty to prepare and fully implement this Plan and to modify the Plan in accordance with the regulations as may be appropriate. This certification is valid only if this page has the original raised seal and signature of the engineer present on it.

Professional Engineer (PE): Amanda Gallagher

Signature: Amanda Gallagher Date: 10/5/17

PE registration number: 14698 State(s): Arkansas
