

## Core Council Report to the Faculty Senate- November 17, 2017

### Announcements

1. The Core Council will hold an open house on November 27, at 3 p.m. in Lib 535. We plan to cover questions about the core assessment process, plans for the future, and the assessment reports from the curricular areas that have been submitted.

All who are interested in the core are welcome to attend. This is a good opportunity to learn more about the core and the assessment process and to exchange ideas about what we have discovered about student learning and about the assessment process.

Light refreshments will be served.

2. As part of our assessment of the core the Core Council has requested that all core course syllabi include the learning objectives submitted when the course was approved for the core. The learning objectives for each course can be found here:  
<http://ualr.edu/facultysenate/councils-and-committees-of-the-faculty-senate/council-on-core-curriculum-and-policies/>  
In addition, all core courses should have a statement in their syllabi that links the learning objectives to the learning goals and outcomes.
