Brian Mitchell
Tusty Ten Bensel

Absent

Elizabeth Sloan Davidson

Ex-Officio

Joanne Matson

Guests:

Ross Bradley (Provost Office)
Jeremy Ecke (Humanities CAAC)
Pattie McCord (Records)

1. Approval of 10-24-16 minutes.

2. Math Courses in Core

- Math Department is still discussing
- State Legislature is the difference between the Sciences and Math Core
- Math is required to be in the Core for other programs so it can't be dropped from the Core
 - Same thing with Geology
- Math accesses what is important to Math
 - If we do this what it meant for other parts of the Core
 - Maybe the only parts of the core access certain parts

3. Humanities CAAC motion

- Show Senate that it is cumbersome to go back to the senate every time to change a Core learning objective
- Core does not have the power to change goals and learning outcomes
- Core can change objectives
- Discussion of requesting Faculty Senate to give Core Council power to change learning outcomes
- will continue discussion

4. Invite CAACs back on Nov 14 and run like a workshop

5. Division of labor:

Mike will work on Rubrics

Mark will work on language concerning assessment and evaluation.
