16-1035 Dual-Listing CNMG 5323

Approved for Graduate Faculty Status

None

Approved Policy Changes

- New Graduate Assistantship Policy presented to the Executive Committee on 3/7/16.

Policy Changes in Progress

The council began discussing changes to the graduate admissions policy. Several programs would like more flexibility in the GPA required for conditional admission. The council is hoping to approve at its next meeting a policy that both maintains graduate standards while allowing flexibility to admit students that have demonstrated that they can be successful in graduate school.
