Other Items

- Dr. Jensen, UALR Honors College task force member, presented information regarding curriculum development t and implementation. He submitted an honors draft CCF for the UGC to review. The UGC discussed the issues and determined that the honors courses conform to the definition of a new course. The Library stated that the new honors courses would not require the mandatory library holdings search since the new courses are similar to existing courses in terms of library resources. The UGC would like to thank Maureen James and Anne Liebst for their assistance with this issue since it will remove the potential bottleneck for the expected large volume of CCFs.
- UGC Chair meet with Dr. Sheri Tucker to explore the possible use of electronic PCFs and CCFs. Dr. Tucker is currently using blackboard for her college curriculum process.
- UGC Chair would like to thank the UGC members for a very productive semester and for their near perfect attendance each week for the entire semester.
