Summary of Action Item

- **2 Total Action Items Passed**

UGC has a draft copy of the UGC Interpretation Request Form that can be used in the future to comply with Senate Legislation pertaining to UGC being able to interpret action items. See attachment. I want to thank Suzanne McAlister for creating the draft form.

UGC passed a motion to amend the clemency wait period from the current two years to a proposed one year. The reasoning is similar to the reason for the graduate council in terms of a two year associate degree. The motion will be proposed to the Senate for the next meeting.

I want to thank the all the members of the UGC for their dedication and hard work.
