DCEIT

*Other (Personnel) Business*

Revised Graduate Faculty Nomination Form

Although approval by Graduate Council is not necessary for this form's revision, the topic will be revisited at the next Graduate Council meeting. Some minor formatting changes were made, including the addition of an end date for appointments of limited duration, and the justification for such. The definition of Full status will somewhat generalized to include clinical researchers. After the changes are made the form will be put back up on the Graduate School website.

**Other Business:**

There was a discussion of the possibility of a Graduate School policy which would set a limit to the number of attempts a student is allowed to attempt any given course. The topic will be brought up for discussion at the meeting of Graduate Coordinators February 25.
