Faculty Nomination Form

Changes to Graduate Faculty Nomination Form, line for nominee's e-mail - *Approved*

Report of Program Review Sub-Committee *none*

Other Business: C. Nahrwold: Where is the program review for Rhetoric and Writing? Dr. Sikes has it. When should bound copies of a thesis be turned into the Graduate school? Dr. Sikes will find out and let everyone know.

A Resolution is put forward by the chair that faculty must have Grad Faculty status before they can teach a graduate level course. This is not currently written anywhere. The resolution is approved.

Dean's Report: Met with personnel at the Clinton School to clarify the procedures for getting people grad faculty status and for curriculum issues. The joint council met for the first time in a year. They are currently dealing with what to do if there is a grievance.

Met with the program coordinators to talk about resources that are available to them. This was a very productive meeting. Minnie Walker also attended. Grad School is currently trying to make it easier for information to be pulled out of banner without going through all the screens one by one, thus making the process easier. ARGOS will pull the info out of banner for you. Everyone can access ARGOS or be set up so that they can. Will bring a slide show to the next meeting to demonstrate how it works.
