The staff of the Office of Campus Living is concerned about the quality of life in the residence halls and is actively involved with structuring the environment to meet the needs of all residents.

Resident Assistants

One of the first people you will meet as you move in is your Resident Assistant, or RA. An RA is a student who is specially trained to help you and other residents learn about UALR, each other, and yourself. Each RA is in a living community of approximately 30-40 residents. The RAs are responsible for promoting community development, assisting in roommate relationships, and working with residents to plan activities.

Lobby Managers & Commons Assistants

Lobby Managers and Commons Assistants are student employees who staff the reception desks of East Hall and West Hall as well as the University Commons building, respectively. They answer the phones, take messages, check out residence hall equipment, monitor the common areas, welcome visitors, and check in residence hall guests. Students interested in these positions should contact their Hall Director.

Hall Directors

The Hall Directors are live-in staff members responsible for the daily operations of the residence halls. They work with the RAs to maintain a comfortable environment in the buildings. Each Hall Director has an office in their building and maintains office hours to assist students when needed.

What parents want to know

• **Campus safety is our Number 1 priority.**
  We provide restricted card access to entrances, controlled access parking, live-in trained staff, surveillance cameras in and around the halls, and campus police patrolling 24 hours a day.

• **Academic success is essential.**
  Studies show that students who live on campus tend to earn higher GPAs and are more likely to graduate on time.

• **We are a community.**
  Residential and campus involvement offers the opportunity to find a niche, make new friends, and be a positive leader.

• **We have what students need.**
  In addition to the convenience of residing near classes, the library, and on-campus social events, all residential students participate in the UALR dining experience.
