

UA Little Rock offers two math pathways based on students' academic and career goals:

QMR Pathway

STEM Pathway

*0-thousand level courses do not count as degree credits toward graduation

**MATH 1302 College Algebra preferred

QMR Pathway | STEM Pathway

Student placement into their math pathway is determined by a placement assessment process. Please see Academic Catalog for information regarding placement. Please consult an UA Little Rock Advisor to ensure the right math pathway is selected, especially for students transferring from another institution. For more information, please contact Academic Advising.
