

ACKNOWLEDGEMENT OF LICENSURE REQUIREMENTS

Candidates in EDAS programs offered by the University of Arkansas at Little Rock who do not have an Arkansas educator (teaching, administrator, etc.) license must read and acknowledge the following information:

1. The Arkansas Department of Education sets the rules and procedures for licensure, including administrator licenses in the State of Arkansas, as do each of the other states within the United States.
2. Non-international (domestic) candidates who do not have a current Arkansas teaching (educator) license or applicable administrator license, in addition to the requisite number of years of experience, may receive the degree but will not receive an administrator license in Arkansas or the United States by completing the degree program. Candidates are urged to consult with the Arkansas Department of Education for the most current information about educational licensing in Arkansas.
3. International candidates who do not have a license may receive the degree but will not receive an administrator license in Arkansas or the United States by completing the degree program. International candidates are urged to consult with the licensing boards or agencies of their countries to determine licensing requirements.

ACKNOWLEDGEMENT:
