

QUESTIONS AND ANSWERS

Responses are below in **RED**

Section 2.1, Event Space Requirements, August 26-27

What will the set-up be for the general session room?

- A. Banquet hall to accommodate 400 people
 - a. Stage equipped with microphone(s) and podium, a projector, screen, cables, and connectors to the speaker-provided laptop
 - One (1) draped/skirted table and three (3) chairs for speakers/panelists
and
 - d. Round banquet tables, draped/skirted, for the remainder of seating.

Is it required that all event spaces be housed in the same venue building, provided the bidder owns, or can provide service in/to, the additional building? **No.** While the preference is to provide all conference spaces in a contiguous building, and as near one another as possible, the specifications do not preclude provision of spaces in multiple buildings, particularly such as may be contiguously roofed and reliably serviced by the bidder.
