Section 1 General Instructions and Information

Was this event already bid out for venue services in 2025, or is this a new specification?

While initial inquiries were made in late 2025, no bid for venue services at this event precedes FB-26-012 (this bid). The specifications as listed are unique to FB-26-012.

Section 2.1, Schedule of Events

Is the event date range of August 25-27, 2026, set in stone, or are the dates flexible? The event date range of August 25-27, 2026, listed in the bid is final (“set in stone”) and will not be moved unless there is no availability at any venue.

You were having a dinner banquet as well as beverage service each day. It did not mention lunches or breakfasts. Will that be needed as well? No. The only catering needed is all-day beverage service, pre-event sundae (dessert) bar, and banquet dinner listed in the bid.
