

Sustainability Day Campus Clean Up

Students, faculty, and staff:

You are invited to our annual Sustainability Day Clean Up!

This clean up event is hosted with the **Keep Arkansas Beautiful Foundation** as well as with the **UA Little Rock Sustainability Committee**. Take a look around campus—it could really use our help. Coleman Creek empties into Fourche Creek, so it is vital we use this opportunity to remove litter from the water system.

October 23, 4PM-6PM
Meet at Parking Deck Bridge
