Dr. Joel Anderson, UALR Chancellor
University of Arkansas at Little Rock
2801 S. University
Little Rock, Arkansas 72204

Dear Dr. Anderson,

Based upon previous construction costs on campus, it is our opinion that the cost to rebuild the University Avenue Fence will be \$200.00 per linear foot. The fence would have brick columns with precast concrete accents and finials, the columns would be spaced approximately 40ft apart. The fencing would be made of custom fabricated and shop painted steel to match campus standards.

According to a recent survey compiled by Garver Engineers, the length of fence under consideration is 2,523 feet. Our preliminary cost estimate to replace this section of fence would be \$504,600.

Best Regards,
